GEN. GAND DUNN'S SHOT.

The New York Ex-Assemblyman and Veteran Tries Suicide.

with His Head Shattered.

A despatch from Denver announces the dangerous wounding there, by his own hand, of Gen. L. Gano Dunn, for many years a well-known New York politician and who was also a distinguished war veteran.

Last evening Gen. Dunn was found in a dying condition at his room at 1951 Stow street, the effects of a pistol shot fired by

himself with special intent. The top of his head was badly shattered but notwithstanding this he is still alive.

Gen. Dunn has a history which reaches back before the war and is well connected in this city. About twenty-seven years ago he was a member of the New York Legislature, where he served with honorable distinction. He served through the war, gaining his title of general, and afterwards practised law. He went to Denver about five years ago, and so far as is known has been connected with different insurance companies.

He was addicted to the use of intoxicants, and during his stay here has been handicapped on that account. The cause of his death is not known.

FIBER ON RYANKEE MARINES

The Polar Bear Mistaken for a
British Seal Poacher.

(BY ASSOCIATED PRESS.)
PORT TOWNSEND, Wash., Aug. 13.—News has just been received from the British frigate Omineca, stating that a detachment of marines from the United States steamship Yorktown fired several volley of rifle balls into the pilot-house of the steamer Polar Bear, seriously wounding the chief engineer, and that the Polar Bear is used as a tender for the canneries at Bristol Bay and was returning to Astoria after last season's work. While passing through Fales Pass on Aug. 1 she ran ashore.

A crowd of men armed with long-range rifles appeared from behind the bluff and were waving fire on the steamer. The Omineca fired a warning shot, but the men did not get away finally, however, and left for Oumalik and reported the affair to the captain of the United States steamer Adams, who said the commander of the Yorktown had

left a detachment of marines at False Pass with instructions to allow no vessels to pass by, and it was probable that the marines mistook the Polar Bear for a British poaching steamer. The affair has created intense excitement at Ounalaska.

Be Held To-Morrow.

The body of Percy Rockwell, the well-known baker and confectioner, who died yesterday, will be cremated to-morrow at Fresh Pond. The funeral will be held from the Hot T Metropole to-morrow.

Much regret was expressed to-day in political and business circles over the death of Mr. Rockwell. He was still a young man, and although only thirty-one years old has already amassed a fortune of \$200,000 and built up a business that would have made

From a small retail store this grew to a wholesale business, and six years ago he erected a large bakery on East Seventh-street, covering the lot and a regulation street to satisfy city requirements. The bakery employs 15,000 loaves of bread a day.

Last Winter Mr. Rockwell aspired to be the Tammany leader of the Fourteenth Assembly district. He attempted to wrest the leadership from John Kelly, but failed after having

Mr. Roosevelt then moved out of the district
to the Hotel Metropole, where he died.

Political Postponer.

The Custom-House gamblers who are employed by the Republican candidate, who recently got the Government carriage contract, have had an opportunity to get out of the city and out of the line of political protection to the workmen. The foremen have had their axes raised from \$2.00 to \$3.00 a day the truckmen from \$1.00 to \$1.25 a week.

The gamblers are greatly disturbed over the anti-truckmen and Judge Cullen has gone to take the train for New Mexico and Pointe's party candidates for President. The feeling between Judge Cullen and the gamblers is very bitter.

John W. Barker, of the Tax Department, has been appointed Deputy Tax Commissioner.
